## MISSIONARY SERVICES

December 2020

Dear Ventura Jubilee Fellowship,

November is always my favorite month because we have the privilege of helping missionaries clearly communicate the passion they have to take the gospel to the ends of the earth. Our Missionary Communication Workshop is always the first week of November.

At this year's workshop, we had missionaries getting ready to start deputation, veteran missionaries with 20+ years of experience on the field and everything in between.

Rather than trying to give you my synopsis of the week, here are some of the comments the missionaries wrote down about this year's workshop.

*Veteran Missionary:*

"It was such a blessing to see my wife grow, and I know that she is now ready and able to share as well. It's like I gained a new ministry partner when we're out sharing with churches."

*Deputation Missionary:*

"I absolutely feel more prepared to present my field and handle myself communicating in different situations than I did before, and I wasn't even aware how unprepared I was."

*Deputation Missionary:*

"Coming to this workshop was the perfect way to kick off my deputation! I take home a lot of knowledge, skills and homework to get me going on the right path from the start."

*Veteran Missionary:*

This is the best communication training I have received. Even though I went through homiletics class in Bible College, have 20+ years of preaching/teaching, and even taught public speaking to others, this training was beneficial and I learned new principles to apply."

The Lord supplied the funds again this year to provide the workshop free of charge to the missionaries. Your investment in these missionaries will make a difference for years to come. I thank you and the missionaries asked me to thank you as well.

Sincerely,

*Lewis McClendon*
