M2MCare Update

September - October 2024

Missions Conferences, state and local pastor's meetings, and other gatherings provide us with optimal opportunities to meet missionaries.

For the past two months, we have spent time with missionaries, some of whose faces we cannot share due to the location of their ministries.

Missionaries frequently visit us at Shephard's Missionary House on Lake Granbury, Texas. This is made possible by the generous support of Gary and Cora W____, who provided the property for Kathy and me to live in and serve the over 200 missionaries who have visited us here since 2018. Sometimes, missionaries visit us for conversation and other times to discuss critical issues in their lives or ministries.

Thank you, **Hallmark Baptist Church** and the **Faith Class**, for sponsoring 100 copies of my newest book to give to missionaries during **Central Missionary Clearing House's** 50th anniversary.

I am deeply honored to be asked to speak on missionary care during the celebration. Thank you for this opportunity.

Behind the Missionary Smile
