Dear Bill,

I want to take a moment to thank you again for your faithful partnership with Abound Missionary Services. Because of your prayers and support, we continue equipping missionaries with the communication tools they need to effectively preach and teach the Word of God, and to present their ministries to potential supporting churches.

This month, we had the special privilege of traveling to Canada to lead a Missionary Communication Workshop at the church of one of our past workshop participants who has started a church in Canada. What a joy it was to see the training you've invested in now multiplying into the lives of men preparing for the mission field in Canada. 11 people attended the one-day training. They listened well and put the training into practice with a short speech they gave in the afternoon. Missionary Steve Pratt is now going to incorporate the complete workshop training he does in his leadership training. Your investment is bearing fruit that will reach far beyond what we could imagine.

Thank you for standing with us in this ministry. Together, we are not just training missionaries – we are helping spread God's truth to the nations.

Gratefully,

*Lewis McClendon*
