**M2MCare Update**

**Argentina Ministry Report – The Rest of the Story**

In my last update, I shared a report on the pastors'/wives' retreat pictured here. I wanted to follow up and share the rest of what God allowed us to do.

At the Couples Retreat, we focused on strengthening couples under real-life pressures. We enjoyed so much being able to speak together at the retreat. We talked about many marriage issues like how to regulate emotions before resolving conflict and stay spiritually grounded during stressful seasons.

*Thank you for praying and making this ministry possible. We are grateful to play a small part in what God is doing in Argentina.*

*Ministry is often measured less by crowds and more by conversations.*
